# Welcome,

Here at UB, your dining experience is more than great food. Campus Dining is committed to providing clean, healthy, and diverse dining options designed to meet the evolving needs and expectations of our UB community. We pride ourselves on delivering culinary expertise, fresh ingredients, nutritious options, and a shared sense of environmental and social responsibility.

We are proud of our dining program and we invite you to share your thoughts with any member of our management team. Now that you're here, welcome to all that we have to offer. We look forward to serving you.

# Meal Plans

Meals and Dining Points are stored on your UB Card so there is no need to carry cash. Unused meals from your meal plan do not carry over from week to week, so be sure to use your meals before the end of the week (weeks begin on Saturday and end on Friday). Limit of two meals per meal period and one per transaction.

## Meals

### Residential Dining Center

Use a meal in our all-you-care-to-eat format at Crossroads Culinary Center (C3) for dinner during the week and brunch and dinner on weekends.

### CDS Restaurants & Cafés

To give you flexibility and options, your meals have assigned dollar values based on the meal period that can be used at our restaurants and cafés. If your purchase goes over the assigned dollar value, you can pay the remainder using Dining Points.

Meal Period	Meal Exchange
Breakfast Monday - Friday	\$5.25
Lunch Monday - Friday	\$10.00
Brunch Weekend	\$10.00
Dinner Everyday	\$10.00
Late Night Everyday	\$6.00

## Dining Points

Dining Points give you the flexibility to get a snack or meal whenever you want. Dining Points work like a debit account on your UB Card at all CDS locations, with purchases automatically deducted from the balance of the account. Use Dining Points to purchase a meal, get a beverage or snack from vending machine, for those late-night munchies or to purchase food/beverage products from one of our residential convenience stores.

Your Dining Points roll over from the fall to spring semester (with the purchase of a spring meal plan), but they do not roll over to the next academic year. If you use up your Dining Points before the end of the semester, you can simply add more in increments of \$25. More than convenient, Dining Points are tax-exempt, saving you 8.75% on every purchase.

# First-Year Residence Hall Students

First-year students living in residence halls are automatically assigned the Flex 14 meal plan to help students transition to college life. Your meal plan consists of a set number of meals per week, along with Dining Points for the best overall experience.
